

**Czech Customs Directorate General**

Information Technology Department

grants

## **Compatibility Certificate of e-Import System module AIS**

### **(Automated Import System)**

**for software: MIC-CUST version 4.4 (and higher)**

Company	<b>MIC Datenverarbeitung GmbH</b>
Venue	<b>A-4020 Linz Hafenstraße 24</b>
EORI	<b>ATEOS1000023746</b>

**MIC-CUST v. 4.4 complies** to system requirements of **e-Import Module AIS** specified by the Czech Customs Administration for traders' declaration and it is compatible with ECR\_ICS system.

**This Certificate has been granted based on conformance tests executed by 25052011 between the Czech Customs Administration represented by the Czech Customs Directorate General and MIC Datenverarbeitung GmbH, Austria.**

The Certificate comes to force on the date specified in it and loses effectiveness on the date when the Customs Decision to revoke or cancel the certificate or a major IT system version implementation that requires retesting come into force.

Notification of new change implementation requirements and consequent retesting must be sent by the Czech Customs Administration at least 2 months prior to cancellation of the certificate.

List of certificate holders has been published on <http://www.celnisprava.cz>.
